This great Baltic 37 is an excellent sailor and as good as new. The hull is from 1979 but this ship was completely rebuilt in 2014. The hull has also been brought to a current state with modern materials. Almost everything is new, including the engine, rigging, deck, interior, etc. etc. The complete refit has been done by professionals with a high degree of style and detail. In the advertisement you can read what has been updated. Photos say a lot but not everything. If you take the trouble to come and see this unique Baltic, you will be pleasantly surprised by the beauty and craftsmanship.
