In 1997, Bouma Jachtbouw in Harlingen decided to produce a Barkas 11.50. This ship has a sturdy appearance, fantastic sailing characteristics and a beautiful hull shape. This Barkas has a large, open cockpit. From the cockpit you walk into the salon on the ground floor with lots of daylight. The ship is equipped with all conveniences, such as a toilet, shower, washing machine, TV, radio, etc., making the Barkas very suitable for beautiful, long journeys. This well-maintained ship has its own power supply through a diesel generator and solar panels. Viewings are possible by appointment.
