The Hurley 800 is a timeless classic with good sailing characteristics. The layout is practical and complete. The weight-ballast ratio is 50-50 and the ship is comfortable and light to steer thanks to the tiller. The Hurley 800 is extremely suitable for sailing the sea: the CE B quality mark endorses this. This ship has a young sailing wardrobe and is very well maintained. The technical states of hull, superstructure and deck are also in good condition. With this neat but tough Hurley 800 you have a beautiful ship for many miles of sailing pleasure.
