BEAUTIFUL RETRO POLYESTER MOTORBOAT FOR SALE. Only seven pieces were built from this boat. The boat features a powerful revised Ford engine (72kW) with new starter and two batteries. The steering system was converted to a hydraulic system with a maroon on board. In the steering cabin, you can find a high folding chair for the captain and a large sliding roof. The spacious sofas were completely renovated and provided with acoustic insulation. Two sturdy inox handles were mounted on the wheelhouse and last year the biminotop was completely renewed. The exterior was fully painted and treated in 2013 and is in very good condition. The interior was refreshed this year. Valid flagship present.
