This beautiful Skarpsno is as good as new. A real eye-catcher with a classic look, finished by the owner himself with an eye for detail. There are still a few things that need to be finished, including the heating and the autopilot. Both are prepared. The owner has not compromised on quality. For example, the pillows and mattresses are made of cold foam and everything is finished with teak, even the inside of the cupboards. Very extensive documentation is available, including all construction drawings, invoices and photos of the construction.
