You can safely state that this rugged Vripack kotter 8.65 is in perfect working order. It has always been well maintained and will cover all of your needs in regard to comfort and ease. This comfortable and stable ship is perfect for cruising along into artificial and inland waters. With its compact depth and clearance height, you can pretty much set course to anywhere. Do not forget it's incredible agility by it's powerful bow thruster. This Vripack kotter is compact but has a spacious feel. It comes with lots of storage space which makes it an excellent boat for long and comfortable trips. In 2016 she got a fresh new coat of 2 components (Ijssellak). The woodwork received 7 coats as well. Other things updated in 2016 are: upholstery, rubrail rope completely and fridge. In 2013 she got a new custom-built full boat cover which makes her resistant to all of the weather influences you can imagine. Several essential parts are refitted by the previous owner in the past couple of years. He really took pride and ownership in this beautiful vessel and maintained her well. This makes the Vripak kotter definitely worth a visit.
