This Waarschip 10.10 with an extended transom up to 10.40 is an excellent sailor. Due to the light weight, the deep stabbing keel and the excellent sails, the "White Russian" sails excellently and the sporty sailor will have a lot of fun with this boat. In 2014 this Waarschip underwent a major refit in which the engine was replaced by a Volvo Penta and a bow thruster was built in so that the solo sailor can safely maneuver in tight ports. The entire electrical installation was also replaced in 2014.
